

HAVE YOUR NEXT FIELD TRIP AT

BEAR RIVER RANCH

Bear River Ranch is home to our summer science and animal camp, Cub Creek Science Camp. We have over 300 animals with more than 100 species! Join us for a field trip you'll never forget!

FIELD TRIP ACTIVITIES

Jungle: In this area, you will be able to see lemurs, a porcupine, birds, foxes and more up close and personal!

Animal Learning Center: Walk through the Small Animal Room and Habitats. You'll be able to see a variety of animals ranging from hedgehogs to a kookaburra! You will even have a hands-on encounter with a small animal and a snake!

Barn and Nursery: Visit our sloths, emus, pigs, miniature horse and a camel! Give a snack to some of our pasture animals!

Nature Center: See, touch, and learn about various animal furs, skulls and tracks of animals native to this area!

Scavenger Hunt & Feather Find: Our birds here at the Ranch drop their feathers so they can grow new ones. Enjoy searching for feathers dropped by the birds and nature's other treasures!
