T-Shirt Design 2024

Design Guidelines

- **This year's theme is 'Camp Beads'. Beads must be incorporated into the design in some way**
- Tell a story and highlight the unique aspects of camp
- The design should be significant for those that know camp, but also be understood by people who are not familiar with camp (ie. avoid inside jokes!)
- You can include a 3"x3" design for front left pocket
- Designs will be printed in a single ink color
- Line drawing and solid graphics are best for screen printing
